

BODY COOLING TOWEL+

General Information

The INUTEQ-QCK® Body Cooling Towel+ is a super lightweight cooling towel that provides an instant cooling sensation. Easy to activate and convenient to carry and store in the special storage box.

A simple and effective way to cool your skin instantly. Useful since heat often comes unannounced.

The Body Towel+ can be kept cool in the specially designed towel bag (included), ready for immediate use.

Key Features and Benefits

Uses highly absorbent INUTEQ-PVA® fabric that activates with water to deliver powerful cooling without electronics or chemicals.

- **Unique Cooling Technology:** Uses INUTEQ-QCK® instant cooling fabric that activates with water to provide an immediate cooling sensation.
- **Machine Washable:** Durable and easy to clean for repeated use without losing performance.
- **Easy to (Re)Use:** Simply soak the towel for about one minute, wring out, and ready for immediate cooling anytime.
- **Lightweight:** Compact and lightweight design easy to carry and use anywhere.
- **Delivers Up to 15°C Cooling Effect Relative to Ambient Temperature:** Keeps you cool for hours through natural evaporative cooling during activities in hot conditions.

ACTIVATION IS EASY

Soak in water

Soak the towel in water

Squeeze out the excess water
